Model AI disclosure statement student

Version January 2026

I, Sabreen Parveen (2260425) , hereby confirm

that the present work is my original work. I declare that I have used AI tools only as allowed for this work.

Please indicate if you used any AI tools in your assignment:

☑ Yes, I used AI tools to assist me with the present work.

☐ No, I did not use any AI tools to assist me with the present work.

If you selected "Yes", please indicate the following.

Which AI tool(s) did you use and for what purpose?

Name of the AI tool	Purpose of the AI tool deployment (e.g. planning, brainstorming, editing, outlining, feedback, content generation of <specify>, debugging code etc)
Claude (Claude Code)	Debugging code and checking how to use libraries. Example prompts: "Which parameters should I pass to <library function>?", "Which method should I use to find the correlation between numerical columns?", "How do I look for null values in a dataframe?"
Gemini	Understanding the Task 3 data profiling and preparation topics better. Example prompts: "What is the difference between uniqueness and constancy in data profiling?", "Explain Benford's law and the first-digit distribution", "What are functional dependencies and unique column combinations?", "What are disguised missing values?", "How does imputing with the attribute mean per class affect correlation?"

I acknowledge my responsibility as a student/learner to thoroughly verify all outputs and content produced by AI tools and accept full accountability for their accuracy and validity.

Any comments:
